

RACS Victoria proudly presents

Developing a surgical career workshop

Saturday 11 April 2026 | 8:30am to 5pm

RACS Victoria Office

\$130

Thinking about a future in surgery? This immersive, hands-on workshop is designed for junior doctors exploring a surgical career.

This practical, high-impact workshop gives junior doctors the chance to build core surgical skills across multiple skills stations, guided by experienced Fellows and Trainees. Small group numbers mean real conversations, personalised insights and advice you won't get in a lecture theatre.

Learn the skills. Ask the questions. Map your path to surgery.

RACS CPD approved: Earn 8 CPD hours (Educational Activities).
