## Monash Online Surgical Training Course

Simulation-Based Laparoscopic Surgical Training

Online & practical  
components

Innovative approach to  
surgical skills training

### What is Included?

- Your own MCS laparoscopic trainer to keep beyond the course for ongoing practice
- Instrument tracking software
- Live webinars for individualised skills coaching
- Tailored feedback from expert surgeons
- Interactive online, self-directed learning materials

*This 6-week course covers the core competencies for SET training for General Surgery and other Surgical Disciplines*

### Workshop Details

- Course dates: 3 August - 11 September 2026
- **\$3,200 (attracts GST) - GSA members & Monash Health staff**
- **\$3,500 (attracts GST) - STANDARD FEE**

*Please contact us if you would like to discuss option for credit points towards postgraduate studies at Monash University*

### Testimonials

*"I enjoyed practicing with the instruments in a safe and non-judgmental zone (i.e., at home) so that I can finally start doing more in theatre and be taken more seriously by my seniors"*

*"Thorough explanation of the principles and basics of laparoscopic surgery in a friendly environment with no time pressure"*
